“ I never got to know Becki but we have so much in common, both born in July of 76, both have the middle name of Lynn. Both suffer from mental illness. If her family wants to reach out to me about my struggles or I would also love to learn more about her as well! I wish I had met her sooner!!!

“ I miss my Becky already and I know for a short amount of time and have the greatest memories of my life time. They didn't have a virtual gift that represented the love and even small adventures that we had and planned. I still gotta go to the Mall of America because of my promise. I was gonna be her person to go with if she ever got kidnapped. That's the Becky I know and fell in love with. I love and miss you so much!!

“ Becky was a sweetheart with an infectious sense of humor. She was my laughing partner during our shenanigans at Prisma. She loved her family and spoke often of her grandsons while showing the photos she carried every day or telling us about the ‘baby talk’ conversations with them. I send my condolences to the family during this time of bereavement. She will be missed.

“ I met Becky on April 1, 2025 at Prisma Treatment Center in Ft Myers, Florida, where I was also being treated for mental health. Becky made my stay at Prisma so much easier. We laughed and cried together everyday until she “coined out” on April 18th (I believe). I looked forward to our breaks from group sessions for a quick smoke and “bitching party”. Haaaaa. When we weren’t discussing our treatment or lack thereof, Becky spoke highly of her family, camping trips, hanging out at a local bar and just life in general. After we returned to our homes, Becky and I were texting everyday until Tuesday April 29th. Our last text was at 8:10pm. I will definitely miss my friend. I will be praying for all the friends and family she left behind. RIP SWEET BECKY!!!!
