“ *Barb, Teresa and family...*

My deepest sympathies to all of you ...

During the last fifteen years, it has been a pleasure working with your parents at the Loesch Foster Home - they both were loving providers wanting only the best for their residents - advocating for them in all situations. I know the residents were very lucky to have both Alice and Claude and I know their response would be that THEY were the lucky ones to have the residents with them. Their love and compassion has been passed down to their children who continue to follow in their wonderful footsteps. May there be comfort in knowing that your parents are together again - watching over ALL of us!! Take care.

“ *Your Dad was such a kind & gentle man, who loved everyone, we were so lucky to have had your Dad & Mom as Craig's foster parents for 4 years. And your Dad always said "I wished I could have has one more visit with Craig before he died" Now I'm sure Craig & he can have many talks in Heaven.*
