“ *David will always be remembered for his passion for all things nature. He found so much joy in the beauty of wildlife. I gave him a 5x7 picture of an eagle soaring high with a fish in it's talons and he thought it was right up there with the Mona Lisa or a Rembrandt piece. I enjoyed the times we spoke about my time up north and he enjoyed living vicariously through me. I was happy to share my many adventures and watching his eyes light up when I showed him pictures and videos. I am so sorry for your loss. He was cared about by many. The world needs more guys like Dave that appreciated the simple things in life. Rest in peace, Dave.*

“ *I loved listening to his stories and shenanigans!!! He loved animals and would spoil my guinea pig and dog.*

“ David would always stop & chat several times whenever I worked. David was always fascinated by the photos of my Hibiscus Tree & hearing about the care I give it. David was also interested in my Cherry Tomato plant, & was thrilled when I'd pick a few on the way to work & give him some "red candy." David was always a kind well mannered gentleman. I'm glad that I got to know David. It was also a pleasure meeting David's dad & sisters.

With Sympathy,

Connie
