“ *One of my favorite memories of Grandma was a Christmas. We were putting up the tree and singing Christmas music. She was wearing her red turtleneck, assorted Christmas jewelry, and Chanel No. 5. I remember getting tired and just leaning on her. We stood there just hugging and living in the moment. Thank you for the love and safety, Grandma.*

“ Beth and I shared four wonderful years of high school and worked as pinkies at Union Hospital in our junior and senior years. I have so many memories of Beth that I have been thinking about recently. Our rides in her car as we drove on Ricketts Mill road over "Rat Patrol Bridge." Our rides to Sallies to see productions like "Harvey" that Rusty starred in. I remember driving to Havre de Grace to visit with Beth as she was in nurses training at Hartford Memorial. Lunches in the snack bar at the hospital when we both worked during the summer or weekends during the school year. I can't forget the night we both cried on the phone as Beth had overheard her Mom and Dad talking when her Mom had cancer. Her Mom told her Dad she was giving up. She was so tired from fighting the cancer. As life goes, we lost touch after awhile. I would ask the Sisters how Beth was and they would fill me in. When I retired from Mount Aviat Academy, Beth sent me a card and we were back in touch again! So since 2019 we have communicated via email. The last email I received from her I told her that she, Sister Susan Louise, Rusty's Joan and Sister Frances Carol's surgery - everyone was in my prayers. She wrote back that Sister Susan Louise was a great model for how to handle this Cross!

I have so many memories that she left me with and I will treasure her friendship always! i hope you are comforted by the fact that she is now with her Mom and Dad, Margee, and Phil looking down on all you. My deepest condolences to all of you!!

“*Beth always had a way of finding the positive in every situation. No matter what was going on she always took time to lift others up. She could be having the worst day and when you asked her how it was going she would use her famous catch phrase "Just Peachy" and smile. Beth was a mentor to me as well as many others. She was more than a coworker, she was a dear friend, a cheerleader, a confidant and became like family to many people. She will be missed by so many who loved her. She will be looking down on all of us from Heaven and Cheering for the Packers.*
