“ Rene and I would like to extend our sadness on Gene's passing. God bless Him and his entire family. Gene and I met while in the Boilermakers in the 70's at Sherco units 1&2. Awhile later we became welding partners and worked in several states together doing what we called the "greatest way to make a living in the world". He was a magnificent welder! Gene and I always laughed about the time we were coming home from a job in Oak Creek WI. We were young and full of youthfulness (And very LUCKY, too). As always happens time changes everything, growing families, getting older losing a little sharpness.... I will always remember those days and never forget you, Gene. Someday maybe we will meet again. We'll head out to Nodak, 6-10s and an 8 and a lot of cold beer! Rest in peace partner.....
