“ Oh Grandma Beumer!!!! My whole childhood has such sweet memories of her house next door, watching grandma and grandpa Beumer load the boat to go fishing, cookies and her (their) love and concern for us. When our dad was killed, they were right there. When my mom had problems with the house or the car after dad was gone, they were there. When my brother, Richy, rode his tricycle down the basement stairs - aaaaaahhhhhhhh - mom bundled him up and ran to Grandma Beumer.

Ruth Schwartz Sprengeler and I not two weeks ago were talking about Grandma Beumer. Ruth, of course, knew she was in Cold Spring. I did not, but had hoped to get there to see her.

I have such fond memories of all your family! Sharon how my mom liked you! And all the kids! I think of you every time we pass over the viaduct and I see the Wendt Tree trucks.

You are remembered and as a blessing!! All of you. God richly bless you and the memory of Grandma and Grandpa Beumer!!!
