“ *We knew Nick and Corinne as they were neighbors in our close knit neighborhood in Mesa AZ. They welcomed us with open arms when we moved in in 2019. Nick actually first became best friends with our dog (Tyson) before us and he would bring bone treats to him every day, sit and talk with us for awhile sometimes staying until Corinne called him to come home. We so enjoyed his company. (And yours too Corinne).*

Nick and Corinne were two of the most warm and loving people that we had ever met. We miss them both so very much and our little neighborhood will never be the same. Our sympathies go out to Nick and Corinne's family and friends.

All our love, Pam and Brian Benjamin

“ Our most sincere condolences go out to Corinne, and all of Nick's family. Nick was such an important part of our life while we lived in our winter home in Mesa. From our first day in Mesa, Nick and Corinne took us under their wings and helped us navigate our stay in Arizona. He came over to Uncle Phil's place to welcome us with a newspaper and an open heart for us. A close friendship of twelve years developed with a "weekly card and pizza" evening after Saturday night Mass. Nick was a great friend, an advisor, and a brother to us. We will be truly missed. “ *Uncle Nick and Aunt Corrine came to my high school graduation years ago.*

When I moved to St. Joseph for Grad School I wanted to start coaching football at ROCORI. I thought of Uncle Nick's connection and asked if he knew Mark Johnson and would call and put in a good word, which he did. I started coaching at ROCORI with Mark Johnson and Joel Baumgarten and that experience inspired me to change course and become a teacher, which I still am today, 16 years later.

Uncle Nick would call me at least once or twice a year to check in, ask how teaching was going, ask about my family and my mom, including about a month ago. As a great nephew I am grateful for the connection we had and I think it's a rare relationship that truly exhibits the type of person Uncle Nick was.

“ "Mr Demuth" was a great teacher! I have fond memories of him teaching me in the 8th grade in Richmond. Many of the lessons he taught us have struck with me over the past 60 years. I was lucky to have him in my life.

Did your 8 th grade go to the State Basketball Tournament?

“ Do remember Mr. Demuth as the coach of Sts. Peter & Paul Grade School's basketball team way back in 1964. Also observed a controlled, positive approach of how he handled the Richmond players during the game. The folks who know him, love the man. He appeared to be a listener who was open to different ideas. was also straightforward and honest, good qualities for a leader of his stature. The ROCORI School District was blessed with his presence. Rest in Peace, Nick.

“ Mr. Demuth as I knew him will always have a special place in my heart. I was hired as a band teacher in the ROCORI Schools in August of 1978 by Nick Demuth and Jim Johnson. I'm still teaching in the ROCORI Schools thanks to Mr. Demuth and Mr. Johnson. Nick was always very supportive of the arts and helped guide me through my early teaching experiences with much passion and thought. He knew what it really takes to have children experience music in a wonderful setting with fun for all to learn and participate!

I remember he would also come to many dances when I was playing in old time bands. He really enjoyed his time dancing and appreciating the music!

I remember at times he would request songs and just love it when the band would follow through with his request!

My thoughts and prayers are with Mr. Demuth's Family and close friends. He will be missed and remembered dearly by all.

“ In 1973, me and my sister and brother were placed in this foster home in Cold Spring...I was just a street kid running wild at just 7 years old... Nicks family was so loving and supportive for those two years... I always loved the farm life after that even though it was a lot of work... There were great old fashioned meals and that bread, wow...It was like living in a little house on the prairie or a Walton's episode... I think my creative side was started there... Great family... Good memories...

“ Mary/John: Sorry to hear of your loss. Your Dad and Mom were great people to know as they opened their home to many children as being foster parents.

Michael, do you remember playing ball at our house when we were watching you and Brianna for Nick and Fran. I bet you going along to the hospital because I had a broken ankle. Love to see and talk and catch up on your news.

“ We will miss our old friend. So many memories of occasions with our kids and of moving to farms at the same time...cutting openings in our kitchen walls to open up the space. Nick was good at persuading me to serve on school district boards. What I learned has always made me grateful to him.
