“ Kathy, Sandy, Brett & Vern,
Jimmy gave so much joy to so many people and will be dearly missed. His wit and humor were infectious and he could brighten up any room he was in. Dwayne and I feel so blessed that we were able to share time with him in Plymouth, Florida and the lake. It will be impossible to see a red Farmall tractor and not think of him. We will never forget him driving a tractor into our yard pulling a manure spreader with Kathy sitting on a lawn chair holding an umbrella. He said he was bringing his honey in the honey wagon to see us. We celebrated so many birthdays with him in Florida and loved playing cards with him. He'd always tell us (in his way) he'd win if we played right. Jimmy lived a good life and we are so grateful we got be part of it.

“ Kathleen & Family,

I first met Jimmy when I was only 18, and he was my boss at a large construction company. As we worked on different projects, I learned to respect him, and he would often say, "Stick with me , and you will be wearing diamonds as big as horse turds." Over the years, we became good friends and remained so for more than fifty years. Whenever I called or he would call me, he always cheered me up. He would update me on his family, especially his loving wife Kathleen, who was always by his side.

Jimmy taught me what it meant to be a true friend, and I am grateful to have had him in my life. Although he is no longer with us, I pray he is in a better place, surrounded by the love and peace of our Lord Jesus in heaven. I will never forget him or the lessons he taught me.

Thank you, Jimmy, for being the perfect friend.

*God Bless Always,
