“ *Dear Jackie:*

I have just learned of Jim's passing and want you to know how sorry I am. I was trying to locate you because of another High School reunion this year and we wanted you to know. I would have given anything to have been able to see you and Jim again. I lost my huband two months before you lost Jim. Life goes on of course. Please, please contact me. 774-766-7830. I would so love to have a chat and perhaps one day we could meet again? My sympathy although it's late but still heartfelt. Your old school pal Rosemary (Alderman)
