“ *Julita was a delightful person and really appreciated the simple things in life as she shared with friends and family. I really enjoyed her visits and taking her fishing. Just last summer, she, Sister Joanne, and I went out fishing in the pontoon and did really well. It was a very hot day but neither of them wanted to quite. We got back and she insisted on helping cleaning the fish as she brought her own filet knife. I could tell they were quite exhausted as the heat of the day was overwhelming. I insisted I give them a ride on the side x side four wheeler to get out of the sun and in the cabin. When I got back, they were both asleep in the living room recliners. They woke up as soon as I got back from cleaning fish and smiled and laughed through our fish fry and visit until Carol took her home. Myself, Sister Joanne, Marie and Aiden and the rest of my family will never forget that memory. Myself and all my sisters were there for the entire week. Julita was a joy to all of us*

Julitta was a dear friend for most of my life. Our family friendship began when Julitta was born. My grandparents were looking for a good place to fish. They heard a farmer had a lake with plenty of good fishing but it was restricted. When my grandfather found out the farmer was German, they went to ask to fish. From that moment, a lifetime of friendship began! Ben and Ann and all their family welcomed us every weekend from May until October, at first to rent & then to buy our lake property on Rice Lake.

My brother & his wife live there now. I spent many summers visiting. These last years, Ed, my brother, would take us fishing. Our last time was this past summer. Getting onto the lake, I prayed that my dad and his two brothers would help Julitta & I catch fish! Wow! did we ever!!! One right after the other the sunfish were filling our net. I will always remember this special last visit with my friend!

What I will always remember when I think of Julitta is the sincerity of her joy when she greeted you on a visit. It really struck me how so very special it was for her to spend some time together which of course made me feel very special. That was a gift which I will try to emulate in my own life.
