“ *May her soul rest in peace.*

My condolences to the entire family. It was good that you always included Kathryn in so many of your family activities, I think she really enjoyed being part of the party, even if it was to just sit back and watch and get a few laughs out of an evening gathering.

She often talked of fishing on the dock with one of the Grandkids, that was another of her favorite types of stories to tell.

Remember the good times, they will get you through these tough times.
