“ I will never forget taking Mikey and my Uncle to the "Secret Crappie Spot". Mikey was a fishing fanatic, same as myself, and if I caught one before him, he 'd suddenly disappear from where he was and appear directly next to me. To take things further, he had an uncanny ability to launch his bobber onto the exact spot mine was, but how can I be mad at that kind of passion. If he caught a fish, his excitement would reverberate from the deepest places in his heart. He could never get the bait on fast enough, and after our expedition, his voice would practically sing for another round, never truly ready to stop. He was part of the reason I chose my lifelong career; where others saw obsession, I saw passion, and where his quietness could be mistaken for awkwardness, I saw focus and dedication. To say I will miss him is an understatement, so I will instead say to him, "I love you and thank you for all the things you gave that continue to inspire me.”

Your Loving Cousin,
Louise

“ I had so many fantastic customers during my Barbering Career. Michael was one of them. Some days it was trying to cut a moving target and Tom and I would just look at each other and just smile and laugh a little.
