“ *Will never forget the time Sandy, Connie, and I ran to the Feldhege brick house to beat the tornado (dust storm) that was approaching the old softball field location. Ran as fast as we could ran straight into Millie's brick house and sat at the kitchen table and then cracked up laughing when we saw each other's faces! Dirt in our teeth, eyes, all over our faces from squinting and trying to see while we raced and screamed against the gusting winds. Many, many more childhood memories. Sandy you will be missed.*

“ So sorry to hear about Sandy. What a great gal. I had gotten to know her the last how many years. .I loved getting to visit with her about once a month. .anywhere from half an hour to an hour and a half. . I will sure miss her.

“ Sandy has always been a huge part of my life. From the times she'd have me over for movie nights, the times I'd bike to her place. She highlighted my hair once and paid to have it fixed, waxing my chin. Hiding easter eggs and then forgetting where they were, saying you made the stuffing and later admitting you bought it. You were always very supportive of me and everything I did and you were super excited for my future. I'm sad you won't be around to see the next milestones of my life. Love you always Aunt Sandy
