“ *My sympathies to Victor's family. I knew Vic and Charlie from my volunteering at the Adult Day Health Care at the VA on Thursdays. I visited with him daily over the 5 years I have worked there. I enjoyed his stories and his outlook on life. One of my jobs on Thursdays was to make sure that Vic had a wheelchair which he would "wheel" down to the chapel from the day room in Building 48. I will miss him as I am sure you in his family miss him. He must have been a great father and grand father. God bless the memory of Victor Weber.*
